Dave Wrone thinks it is important to get copies of Case Open to WHA radio because it reaches, he says, most of the people who read books throughout Wisconsin and nearby states. He recommends copies to Carmen Jackson, Tom Clark and the station's program director.The aired Posner by phone for two hours.

The address is WHA Radio, 876 University Avenue, Madison 53706

He says that Hal Verb can organize the critics in the San Francisco area to get the book in stores and to get some attention to it. With Hal, it is important to see that he does not cross over into what Charlie Winton may do.
